PROFILE

Mrs. Sudha Purushothaman

Founder

Women Business Enterprises Development Association.

Ph. No.9894608670

Email Id: sudha.purushotaman@gmail.com

Mrs. P.Sudha is an entrepreneur and involved in creating new entrepreneurs

An M.Phil degree holder from Ethiraj College, Chennai began her entrepreneurial journey during college days. Her interests in arts and crafts led her to learn printing and dyeing of fabrics. This was the foundation on which she started her first business "Sasula Printers" a block printing unit making hand printed sarees, churidars, bedsheets, etc. Having to shift to Coimbatore after wedding, she continued to run the show. Since her children needed her attention, she had to wind up.

The entrepreneur in her kept her looking for other opportunities. Thus began Alankrot Embroidery, a unit employing skilled workers from Kolkata doing Ari, stone, and bead work.

Apart from this, Sudha is a resource person delivering guest lectures on all aspects of entrepreneurship in Engineering and Arts colleges in and around Coimbatore.

Sudha received The Citizen of Coimbatore award from Radio City, and Life Time Achievement award from Inner Wheel Coimbatore. She has attended the MSME day celebrations at Delhi and Women entrepreneurs Summit Nellore.

Report on Webinar STEP INTO ENTREPRENEURSHIP

A Webinar on “STEP INTO ENTREPRENEURSHIP” organized by Department of Biomedical Engineering, KIT- Kalaigaiyarkarunanidhi Institute of Technology on 17th June 2021 in order to motivate the students in Entrepreneurship. A total of 68 students from III and IV year Biomedical Department attended in this Webinar by google meet link : <https://meet.google.com/mua-ccca-owz> from 10:30 to 11:30 am.

Objective of the Webinar

- To encourage students to pursue entrepreneurship.
- To be aware of the abilities needed for entrepreneurship.
- To understand government policies in order to start a business

Ms. Ramya from 4th year of Biomedical, delivered a welcome address for the Chief guest Speaker Mrs. Sudha Purushothaman Founder of Women Business Enterprise Development Association (WOBEDA) .

The eminent speaker clearly shared information on Entrepreneurship, being an optimistic attitude despite the ups and downs. She Motivated us by sharing her own experience in this field. She emphasised the significance of innovation and choosing the right project based on skilled and technical labours. She discusses how to respond to the manufacturing sector, service sector, and trader relationships, as well as how to retain comfort with consumers, who play an important role. She stated that the government offers many platforms for young people and students, such as ‘Stand up India,’ and she emphasised the function of District Industrial Centres in each district, which provides various assistance to qualified people.

The seminar came to a successful conclusion with a vote of appreciation and excellent comments from Dean of the Biomedical Department, Dr. Senthil Kumar, and fellow professors. The entire programme was coordinated by Dr.J.Revathi Assistant Professor(SS) and Mrs.N.Vigneshwari Assistant Professor of Department of Biomedical Engineering , KIT-Kalaignarkarunanidhi Institute of Technology, Coimbatore. All the students expressed their gratitude to the chief guest and the staff of Department of Biomedical Engineering , KIT-Kalaignarkarunanidhi Institute of Technology for creating awareness on Entrepreneurship.

9. Total amount sanctioned :Rs.3,28,333/- (Rupees three lakhs twenty eight
Thousand three hundred, and thirty three only)

10. No. and date of Sanction letter

LetterNo.	Date	Grant Released
34-66/417/FDC/STTP/Policy-1/2019-20	10 AUG 2020 & 14 SEPT 2020	Rs 3,28,333/-

1. Total expenditure incurred in Conducting the Faculty Development Programme Rs 2 79,000
2. Grant received from various agencies other than AICTE for this Short Term Training Programme

Sl. No.	Name of Agency	Grant Received
		NIL
	Total	NIL

3. Details of internal revenue if any generated by the Institution/Department on account of this Programme. NIL
4. Briefly mention about the technological/ academic/ or any other benefit generated by conducting this programme with respect to a) the institution, b) the faculty, c) students, d) industry /society.

Brief Report about the STTP:

The STTP - "Deep Learning based analysis of Images and Videos using Python" is a six day programme conducted for eighteen days in three slots for around 300 participants from various engineering educational institutions and industries from various states of our nation. Following are the topics discussed in detail by eminent personalities from various organizations all over our nation

- Artificial Intelligence Vs Machine Learning Vs Deep Learning
- Deep learning and computer vision
- Python Packages for Deep Learning Such as Keras, PyTorch
- Artificial Neural Network (ANN) & Its Types
- Convolutional Neural Network (CNN)
- Recurrent Neural Network (RNN)- Google Colab
- Audio Processing- Content Summarization
- Unsupervised Pre-trained Network
- Audio Processing Feature extraction
- Image Processing- Image Classification, Object detection
- Image Processing- Object Segmentation, Image Reconstruction
- Video Processing - Object Detection
